

MORSE CONSTRUCTIONS
INCORPORATED

Late Winter 2015

NOTE FROM PAUL

Dear Paul,

We're excited to share some big news in this issue of the newsletter. In February, the National Association of the Remodeling Industry (NARI) named Morse Constructions 2015 Regional Winner, Region 1 Northeast, in the Residential Interior \$75,000 to \$150,000 category of its annual Contractor of the Year (CoTY) awards competition. That award was followed up with a Gold Award for the same project in the Eastern Massachusetts CoTY awards competition. In April, we'll find out if the project is a winner in the national competition!

These recent awards are testimony to the hard work and high standards of our staff, and the incredible support of our clients. After all, without our wonderful clients there would be no Morse Constructions!

If you would like to consider working with us, now is the time to start planning summer and fall projects. We look forward to hearing from you.

Best wishes,

Paul Eric Morse

CURBLESS SHOWERS: FROM UNIVERSAL DESIGN TO UNIVERSALLY POPULAR

Curbless (also known as zero-threshold) showers were once primarily a solution for homeowners with accessibility issues. Today, curbless showers are one of the leading bathroom design trends for 2015. Over the past six months, the majority of bathroom renovations that we have completed have featured a curbless shower.

As its name suggests, a curbless shower has no threshold to step over. The bathroom flooring simply extends into the shower. The elimination of a separate shower enclosure creates a seamless, contemporary look that makes even small bathrooms look and feel

larger.

Most clients considering a curbless shower ask the same three questions. We hope our responses help you evaluate whether a curbless shower might work for your home renovation.

MORSE UPDATE

The National Association of the Remodeling Industry (NARI) named Morse Constructions 2015 Regional Winner, Region 1 Northeast, in the Residential Interior \$75,000 to \$150,000 category of its annual Contractor of the Year (CoTY) awards competition. We won for our work maximizing the space on a small first floor of a Cambridge home. [Read more](#)

The same project that won the Regional CoTY award received the Gold Award for interior renovations \$75,000 to \$150,000 in the Eastern Massachusetts NARI CoTY awards competition.

We were honored to be named "Best of Houzz" 2015 for both design and client satisfaction. This is the third consecutive year that we have received this honor.

New and Current Projects:

- Completing a master bedroom suite in Lexington that captures space out of an adjacent bedroom and uses it to enlarge the current bedroom and create a new master bath. We have opened the existing bathroom and turned it into a small study for the homeowners.
- Renovating a kitchen in Arlington that we originally remodeled thirty-five years ago.
- Opening a kitchen to the dining room and transforming a porch into a study/mudroom in Arlington.
- Starting a project to turn a first floor unit of a triple decker in Somerville into accessible living space for our clients.
- Planning a condo renovation in Cambridge and designing a whole house renovation in Winchester.
